

# SPECIAL EDITION

## FAMILY OF UP TO 6 SEMI OFF-ROAD OR FULL OFF-GRID

### EVERYDAY IS AN ADVENTURE.

Meeting your requirements and creating something just for your family doesn't need to mean an excessive budget. By basing the Special Edition range on our Escape Series and allowing for a series of modifications or additions we can manufacture a family caravan for up to six, customised to your family and remain conscious of budget.

With plenty of space for all, the Special Edition range is built with all the comforts of home and for a family of up to six. With plenty of room to relax, enjoy spacious bunks and a thoughtfully designed kitchen lounge area that provides plenty of room to enjoy your time in the great outdoors.
